

How to get to Bear Creek Outdoor Centre

From Toronto, North Bay, Peterborough, and other parts west.

Come through Pembroke (located on Hwy 17 between Ottawa and North Bay). Take Hwy 41 into Pembroke and follow the signs into town. Turn right (east) on Pembroke Street East. Head out of town (you will pass the East end mall, Walmart etc.)

Follow the signs marking To Province of Quebec and follow Hwy 148 over to the Quebec side of the Ottawa River. From Pembroke your driving time is approximately an hour to Bear Creek Outdoor Centre.

Follow Hwy 148 through Waltham, Fort Coloungé, and Vinton to Campbell's Bay. At Campbell's Bay there is a flashing amber light at the junction to Hwy 301. Turn left at the 301 Junction and follow 301 north approximately 11.5km.

You are looking for Crawford Road on the left (lots of cottage signs, one says Rainville). Follow Crawford road approximately 6km. At approximately 6km you will go over a bridge and make a tight left turn. Turn left on Burke Road (large laneway opening sign says Bear Creek Outdoor Centre). Follow Burke road for 1km and take the left fork.

Follow the left fork for 0.5km and you will see a cabin on a small lake down to the right. This is the camp office and director's house. You may continue past the cabin and over to the classroom and meeting area.

Please be careful when coming in after dark. Crawford road is a dirt road with many turns. The Bear Creek laneway also needs care in navigation.

Please feel free to give family the camp phone number in case they need to contact you while you are here.

The camp phone is 819-453-2127. The camp fax number is 819-453-2128.
