## An event to savor and cherish

While looking for a venue for our wedding, I randomly came across Jill's camp. I decided to call, and she answered. Jill was incredibly warm and kind right from the very beginning.

We fell in love with the place the first time we saw it. It met all our criteria, and then some. Jill was particularly accommodating to our needs -- she went out of her way to build a little bar area for us, she offered us her cottage, and she made sure to have the most supportive staff around to help us all week. She even helped us find a caterer! She allowed us freedom to come set up when we wanted, to bring our gang to camp a few days in advance, to decorate how we

pleased, and she worked with us to ensure we had a beautiful wedding...and a beautiful wedding, we had!

She even had arts and crafts available for the kids to play with...

We stayed 4 days and all our guests were entertained-- they went canoeing, kayaking, swimming, hiking, had campfires, barbecued food, and all that good outdoor stuff our friends like to do.

We loved this place and we loved the staff and we loved our experience there!

If you're looking for a non-traditional venue where you can DIY a beautiful rustic wedding yourself, and your guests can stay over, this is a great spot!

## **Frequently asked Questions**

Please note that this is far from an exhaustive list.

### **Is there good cell phone reception at camp?**

We are able to get cell phone coverage at camp. There are locations at camp that have better coverage and some that have no coverage at all.

### **Is there WiFi at camp?**

No.

### **Can I bring my dog?**

The camp owners have dogs at camp so please let us know if you have any challenges with dogs on the camp property and we will keep our camp dogs contained during your visit. If you would like to bring your dog to camp you are more than welcome to if your group organizer approves and you behave like the responsible pet owner that you are.

### **Are there washrooms in the cabins?**

No. We have 2 shower rooms with sinks for washing up located beside our camp kitchen. Outhouses are located around the camp property and are cleaned regularly and stocked with toilet paper and hand sanitizer.

### **Can I, or people in my group stay in a tent or bring our camping trailers to camp?**

Yes of course! Your group may have to use additional accommodations to maintain social distancing during your visit to camp. We have 6 cabins (each with 8 bunks) but these may not serve the needs of your group. Camper trailers will be required to stop at the camp office to be directed to an appropriate location for parking. There are many beautiful places to put up your tent.

### **Can we bring extra food and beverages?**

Yes of course! Please bring your snacks and beverages of choice. Fill your coolers and enjoy your weekend but please be aware that poorly managed food and trash attract unwanted animal activity. This activity will not only impact the enjoyment of your stay at camp, but for a long time after your group has departed.

### **Is there electricity in the cabins?**

No. You are welcome to charge your devices in the main classroom but we highly recommend flashlights for moving around camp at night and perhaps a battery powered light for in the cabins.

## Programming options

If you can think of it...we can likely make it happen.

Jill and Matt are instructor trainers in many outdoor skills but we are by no means alone. We are blessed with an extraordinary cadre of local instructors who can facilitate outdoor adventure activities of all kinds.

Bear Creek Outdoor Centre has helped to facilitate yoga and sports retreats, photography and nature education, team building and leadership programs and even the odd survival weekend or outdoor competition event.

At camp activities that require facilitation include low ropes course features and climbing wall. Paddling instruction is available as well as staff lead hikes.

Want to play at camp but not sure you want to stay? Please ask about daily rentals at camp.
